

Administration for Native Americans Strategic Priorities 2023-2024

Purpose: ANA has updated its Strategic Priorities for 2023–2024 with the goals of improving its administrative operations and enhancing relationships with Native community partners.

Strategic Priority 1. Become a high-performing agency with a unified operations infrastructure that effectively manages its resources and consistently delivers high quality outcomes related to ANA’s mission, priorities, and legislative mandates.

Strategic Priority 2. Become a visible and effective strategic thinker and advisor on Native American policy matters throughout HHS and ACF.

Strategic Priority 3. Become a positive and influential communicator on Native American policy, impacts of ANA’s investments in Native communities, and amplifying community voices.

Strategic Priority 4. Become a data-driven agency by applying a data lens across ANA’s programs, operations, and management responsibilities.
