[ACYF CB-2000-02]

### Grant to National Conference of State Legislatures

**AGENCY:** Administration on Children, Youth and Families (ACYF), ACF, DHHS.

**ACTION:** Notice of award.

**SUMMARY:** Notice is hereby given that ACYF will award grant funds without competition to the National Conference of State Legislatures (NCSL). This grant is a sole source award which will assist State legislatures in addressing "second generation" issues arising from implementation of the Adoption and Safe Families Act (ASFA) and to educate legislators on the new Child Welfare rules that impact existing State Plan requirements. This award is made non-competitively after our review of an unsolicited proposal submitted by NCSL.

1. Background: NCSL has a unique relationship with State legislatures that

enables them to help legislators understand critical child welfare issues in light of recent changes to Federal law and policy. NCSL is a bipartisan, non-profit organization that serves the Nation's legislatures and staff. It is an instrumentality of the States, providing informational services to State legislators, allowing them to make policy decisions based on reliable, objective and comprehensive analyses. In addition to providing research, publications, and consultative services, NCSL provides policymakers with the opportunity to exchange ideas and communicate with each other on the most pressing problems States face, as well as solutions that work. NCSL plans to accomplish these goals through special briefings, publications, delivering on-site technical assistance, holding special sessions at regular NCSL meetings, and the tracking of State child welfare legislation.

Following our review of the proposal submitted by the NCSL for these activities, this award is made noncompetitively. The NCSL proposal presents a unique opportunity to establish a continuing dialogue with State legislatures across the country.

2. The project period will be for 17 months, beginning September 29, 2000 and ending February 28, 2002. The grantee will be awarded \$193,301 during the project period.

**Authority:** This award will be made pursuant to Title IV-E of the Social Security Act.

### Request for Public Comment on Contracting for the Performance of Title IV-E Administrative Functions

**AGENCY:** Administration on Children, Youth and Families (ACYF), ACF, DHHS.

**ACTION:** Notice of request for public comment.

**SUMMARY:** The Children's Bureau, in the Administration on Children, Youth and Families, administers the title IV-E program which provides funds to States to assist in meeting the needs of certain children who are removed from their homes and placed in foster care. Federal financial participation (FFP) is available for a portion of the costs States incur in operating the foster care maintenance payments program.

We have received a number of inquiries regarding the requirements and/or restrictions associated with State's contracting for the performance of title IV-E administrative functions. In light of the range and complexity of the questions posed by States, we would like to examine the issues raised more closely. This notice invites public comment on State practices in contracting for the performance of title IV-E administrative functions. Based on comments received, we will determine the need for additional guidance related to contracting for the performance of specific title IV-E administrative functions.

Section 471(a)(5) of the Social Security Act requires States to " \* \* \* use such methods relating to the establishment and maintenance of personnel standards on a merit basis \* \* \*" Under a merit system of personnel administration, certain administrative functions must be performed by State agency employees. Functions that must be retained by the State agency are referred to as "inherently governmental." Office of Management and Budget Circular A-76, "Performance of Commercial Activities," defines "inherently governmental functions," *i.e.*, those that must be performed by government employees, as " \* \* \* those activities which require either the exercise of discretion in applying Governmental authority or the use of value judgment in making decisions for the Government \* \* \*" The determination of a child's eligibility for title IV-E is, for example, an inherently governmental function.

We are requesting that respondents express their views with regard to how the legal prohibition against contracting out inherently governmental functions is consistent with, and its implications for, existing State practice, as well as plans for future contracting. It would assist our decision-making if respondents from State child welfare agencies would identify which, if any, title IV-E administrative functions the State currently contracts out. Please identify those considerations you would like us to take in developing additional policy guidance, in the event we determine it is warranted.

**DATES:** In order to be considered, written comments in response to this Notice must be received September 18, 2000.

**ADDRESSES:** Please address written comments to: Kathy McHugh, Director of Policy, Children's Bureau, Administration on Children Youth and Families, 330 C Street, SW., Room 2411, Washington, DC 20447. Comments will *not* be accepted electronically, by telephone, or by fax.

#### Solicitation of Information and Recommendations for Developing a Compliance Risk Guidance for the Ambulance Industry

**AGENCY:** Office of Inspector General (OIG), HHS.

**ACTION:** Notice.

**SUMMARY:** This *Federal Register* notice seeks the input and recommendations of interested parties as the OIG develops a Compliance Risk Guidance (CRG) for ambulance service providers, especially those serving Medicare, Medicaid and other Federal health care program beneficiaries. The ambulance industry has experienced a number of instances of ambulance provider and supplier fraud and abuse and has expressed interest in increasing the awareness of the industry to assist in protecting against such conduct. In response to the industry's concerns, the OIG has, to date, written seven Advisory Opinions on a variety of ambulance-related issues<sup>1</sup> and has published a proposed rule concerning a safe harbor for ambulance restocking.<sup>2</sup>

In an effort to provide further guidance, the OIG is soliciting comments, recommendations and other suggestions from concerned parties and organizations on how best to develop an

ambulance CRG to reduce the potential for fraud and abuse. The OIG expects that the CRG will outline the most common and prevalent fraud and abuse risk areas for the ambulance industry. In addition, the CRG will provide guidance on how to: (1) Address these risk areas; (2) prevent the occurrence of instances of fraud and abuse; and (3) develop corrective actions when those risks or instances of fraud and abuse are identified.

The OIG expects that the risk areas identified in the CRG will not be all-inclusive. Ambulance providers and suppliers will remain responsible for identifying those risk areas particular to their specific operations.

**DATES:** To assure consideration, comments must be delivered to the address provided below by no later than 5 p.m. on October 16, 2000.

**ADDRESSES:** Please mail or deliver your written comments, recommendations and suggestions to the following address: Department of Health and Human Services, Office of Inspector General, Attention: OIG-1-CRG, Room 5527 A, Cohen Building, 330 Independence Avenue, S.W., Washington, D.C. 20201.

We do not accept comments by facsimile (FAX) transmission. In commenting, please refer to the file code OIG-1-CRG. Comments received timely will be available for public inspection as they are received, generally beginning approximately 3 weeks after publication of a document, in Room 5541 of the Office of Inspector General at 330 Independence Avenue, S.W., Washington, D.C. 20201 on Monday through Friday of each week from 8 A.M. to 4:30 P.M.
