Supplemental Tables: State Maximum LIHEAP Income Eligibility Standards*

Table IV-1. Percent of States Selecting Various Maximum LIHEAP Income Eligibility Standards, FY 2022ⁱ

LIHEAP Income Eligibility Standards (by Percentage Intervals of 2021 HHSPG)	Heating Assistance	Cooling Assistance	Winter Crisis Assistanceⁱⁱ	Year-Round Crisis Assistanceⁱⁱⁱ	Summer Crisis Assistance	Weatherization Assistance
Number of states ^{iv}	51	24	20	24	6	41
Household income at or above 150% (percentage of states)	90%	96%	100%	92%	100%	100%
Household income between 111% - 149% (percentage of states)	8	4	0	8	0	0
Household income at 110% (percentage of states)	2	0	0	0	0	0

ⁱ The data in this table are current as of June 30, 2023. These data are derived from *LIHEAP Performance Data Form - Grantee Survey Section for FY 2022* and based on reported income standards for assistance provided with regular LIHEAP funds. Percentage distributions may not add up to 100 percent across income levels due to rounding.

ⁱⁱ Refers to winter crisis assistance only. The number of states and percentages includes 1 state (Kansas) that provided expedited heating assistance for winter crisis fuel situations through heating assistance funds only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacements.

ⁱⁱⁱ Refers to year-round crisis assistance only. The number of states and percentages includes 1 state (Maryland) that provided expedited heating assistance for year round fuel situations through heating assistance funds only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacement.

^{iv} Excludes states that that did not obligate FY 2022 funds for the applicable assistance type.

ⁱ (1) Maximum annual income cutoffs for 4-member households were obtained from the *LIHEAP Performance Data Form for FY 2022 - Grantee Survey* and based on reported income standards for assistance provided with regular LIHEAP funds. These data are current as of June 30, 2023. The income cutoffs were converted into percentages of the 2021 HHS Poverty Guidelines (HHSPG). The table does not reflect different income cutoffs in place for households with older adults, members with a disability, or young children; or other crisis assistance, as set by states. (2) The federal maximum LIHEAP income eligibility guidelines for FY 2022 were based on the greater of 150 percent of 2021 HHSPG or 60 percent of state median income (SMI) for use in FY 2022, based on household size. Optionally, states were permitted to adopt the 2022 HHSPG in place of the 2021 HHSPG to set their maximum income eligibility guidelines for FY 2022. In addition, states were permitted to use the federal maximum LIHEAP income eligibility guidelines or the federal maximum Weatherization Assistance Program (WAP) income eligibility guidelines (200 percent of HHSPG) to set their maximum income eligibility standards for weatherization assistance in FY 2022. States with maximum income eligibility standards listed that are greater than 150 percent of 2021 HHSPG are verified as being at or below the federal maximum LIHEAP income eligibility guidelines for FY 2022. (3) A designation of "--" indicates that these data are not applicable for states that did not provide that type of assistance.

ⁱⁱ Refers to winter crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacements.

ⁱⁱⁱ Refers to year-round crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacement.

^{iv} Expedited heating assistance was provided to households in crisis fuel situations in Alaska, Colorado, Kansas, Maryland, Massachusetts, New Hampshire, and Washington.

^v Combined heating and cooling assistance was provided in Nevada; and energy assistance was provided in Hawaii, with no differentiation made between heating and cooling assistance. These states reported funds obligated and households served under heating assistance. A cooling assistance eligibility standard of "--" is thus applied to each state.
