

LIHEAP Report to Congress for Fiscal Year 2022
Supplemental Tables: LIHEAP Supplemental ARP Act Information

Supplemental Table ARP Act-I-3c. LIHEAP ARP Act Funds Available for Obligation, FY 2022ⁱ

State	ARP Act - Carryover
Total	\$2,651,867,042
Alabama	2,451,645
Alaska	14,390,003
Arizona	0
Arkansas	16,094,524
California	11,434,992
Colorado	69,184,242
Connecticut	59,236,678
Delaware	8,832,184
Dist. of Columbia	10,541,328
Florida	40,273,150
Georgia	1,617,174
Hawaii	4,995,879
Idaho	22,930,076
Illinois	26,140,923
Indiana	114,066,354
Iowa	15,833,678
Kansas	21,033,844
Kentucky	0
Louisiana	0
Maine	15,659,476
Maryland	73,506,086
Massachusetts	2,806,117
Michigan	235,416,633
Minnesota	143,353,058
Mississippi	33,752,229
Missouri	103,843,419
Montana	17,366,055
Nebraska	41,172,259
Nevada	11,597,336
New Hampshire	35,498,757
New Jersey	4,105,770
New Mexico	22,314,041
New York	482,108,764
North Carolina	86,970,460
North Dakota	25,005,490

State	ARP Act - Carryover
Ohio	226,879,639
Oklahoma	31,955,095
Oregon	1,478,487
Pennsylvania	266,924,979
Rhode Island	30,818,515
South Carolina	0
South Dakota	24,482,535
Tennessee	56,593,651
Texas	0
Utah	32,932,053
Vermont	26,607,583
Virginia	90,218,680
Washington	3,442,024
West Virginia	40,464,237
Wisconsin	32,815,915
Wyoming	12,721,025

ⁱ These data are compiled from the *LIHEAP Performance Data Form for FY 2022 – Grantee Survey*. These data are current as of June 30, 2023.

Supplemental Table ARP Act-I-6b. National Estimates of States' Uses of LIHEAP Supplemental ARP Act Funds, FY 2022ⁱ

Uses of LIHEAP Supplemental ARP Act Funds	Number of States ⁱⁱ	Estimated Obligations	Percent of Funds ⁱⁱⁱ
Total	46	\$2,651,867,043	100.0%
Heating assistance	41	1,699,423,941	64.1
Cooling assistance	13	109,973,143	4.1
Energy crisis assistance	33	535,358,188	20.2
Weatherization assistance	20	150,279,912	5.7
Nominal payments ^{iv}	0	0	0.0
Development of leveraging resources	0	0	0.0
Assurance 16 activities ^v	5	3,202,386	0.1
Administrative and planning costs	30	104,746,605	3.9
Other	0	0	0.0
Returned to HHS ^{vi}	14	48,882,868	1.8

ⁱ These data are compiled from the *LIHEAP Performance Data Form – Grantee Survey Section for FFY 2022*. These data are current as of June 30, 2023.

ⁱⁱ The total number of states that obligated funds to a specific type of assistance may differ from the total number of states that served households with that type of assistance (see ARP Act Table III-1) because states may have obligated their LIHEAP Supplemental ARP Act funds in FY 2022 but not expended those funds to serve households until FY 2023.

ⁱⁱⁱ Percentage distribution of uses of LIHEAP funds may not add up to 100 percent due to rounding.

^{iv} In FY 2015, OCS specifically instructed grant recipients to separate SNAP nominal payment obligations and beneficiary households from their heating assistance data. This is consistent with the guidance in FY 2022.

^v Funds obligated for Assurance 16 activities consisted of LIHEAP funds used to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance, including needs assessments, counseling, and assistance with energy vendors.

^{vi} States were required to obligate their LIHEAP Supplemental ARP Act allotment during FY 2021 or FY 2022. States that had unobligated ARP Act funds remaining at the end of FY 2022 returned these funds to HHS.

Supplemental Table ARP Act-I-7b. Estimates of States' Uses of LIHEAP Supplemental ARP Act Funds, by State, FY 2022ⁱ

State	Heating Assistance Benefits	Cooling Assistance Benefits	Energy Crisis Assistance Benefits	Weatherization Assistance Benefits	Nominal Payments	Returned to HHS ⁱⁱ	Development	Assurance	Administrative and Planning Costs	Total

State	Heating Assistance Benefits	Cooling Assistance Benefits	Energy Crisis Assistance Benefits	Weatherization Assistance Benefits	Nominal Payments	Returned to HHS ⁱⁱ	Development of Leveraging Resources ⁱⁱⁱ	Assurance 16 Activities ^{iv}	Administrative and Planning Costs	Total
	Wyoming ^v	3,380,644	0	6,653,279	1,400,000	0	0	0	15,000	1,272,102

ⁱ These data are compiled from the *LIHEAP Performance Data Form – Grantee Survey Section for FFY 2022*. They are current as of June 30, 2023.

ⁱⁱ States were required to obligate their LIHEAP Supplemental ARP Act allotment during FY 2021 or FY 2022. States that had unobligated ARP Act funds remaining at the end of FY 2022 returned these funds to HHS.

ⁱⁱⁱ Development of leveraging resources consists of LIHEAP funds used to identify, develop, and demonstrate leveraging incentive programs. Grant recipients may spend up to 0.08 percent of funds payable or \$35,000, whichever is greater, to conduct such activities each fiscal year.

^{iv} Funds obligated for Assurance 16 activities were used to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance, including needs assessments, counseling, and assistance with energy vendors.

^v LIHEAP Supplemental ARP Act funds provided for energy crisis assistance benefits include funds for emergency heating/cooling repairs or replacements for the following states: Colorado (not specified), District of Columbia (\$448,065), Illinois (\$202,231), Iowa (not specified), Maine (\$2,057), Michigan (not specified), Mississippi (not specified), North Dakota (\$9,521,943; includes non-emergency basis cooling replacements), Oregon (\$18,737 for Heating Equipment; \$9,561 for Cooling Equipment), Pennsylvania (\$7,195,146), Rhode Island (\$1,525,000 for Emergency Furnace Repair and Replacement; \$1,000,000 for Oil Tank Replacement), Vermont (\$920,849 for Emergency Furnace Repair and Replacement; \$329,150 for Oil Tank Replacement), West Virginia (\$10,914,251), and Wyoming (\$550,000 for Furnace Repair and Replacement; \$218,578 for Operational Furnace Replacement to Prevent Heat Loss Emergency; \$550,000 for Air Conditioner Repair and Replacement)

^{vi} Connecticut’s energy crisis assistance funds include \$5,616,670 for Safety Net Assistance for households in a life-threatening situation that were unable to secure shelter with adequate heat.

^{vii} Maine obligated LIHEAP Supplemental ARP Act funds for weatherization but did not expend the funds until FY 2023.

^{viii} Minnesota’s energy crisis assistance funds include \$13,624,028 for arrears forgiveness.

^{ix} Montana’s energy crisis assistance funds include \$1,766,416 for unspecified assistance.

^x Nevada’s energy crisis assistance funds include \$11,995 for the state’s Crisis Intervention program.

^{xi} North Dakota obligated funds to assist households with non-crisis cooling equipment repair and replacement services (air conditioning installations) under emergency cooling equipment repair and replacement (energy crisis assistance) but reported serving these households under cooling assistance.

^{xii} Pennsylvania’s energy crisis assistance funds include \$4,512,167 for Clean and Tune, and \$4,746,229 for Cooling.

^{xiii} Vermont’s energy crisis assistance funds include \$7,381,160 for Special Energy Assistance Benefits for households to help offset additional energy costs associated with heating.

^{xiv} Washington obligated \$309,782 of LIHEAP Supplemental ARP Act funds as energy crisis assistance benefits for Other Emergency Services (OES) including Emergency Furnace Repair and Replacement, Temporary Shelter Assistance, and other emergency services. OES funds are obligated as direct service dollars.

Supplemental Table ARP Act-III-1b. Number of Households Assisted with and States Providing Assistance with LIHEAP Supplemental ARP Act Funds, by Type of Assistance, as Reported by States, FY 2022ⁱ

Type of LIHEAP Assistance Furnished with LIHEAP ARP Act Funds	Number of States Providing Assistance with LIHEAP ARP Act Fundsⁱⁱ	Number of Households Assisted with LIHEAP ARP Act Funds
Heating	44	2,987,006
Cooling	19	372,032
Winter crisis	15	276,905
Year-round crisis	21	331,866
Summer crisis	5	60,452
Weatherization	20	9,623
Any type	48	3,483,540

ⁱ These data are collected from the *LIHEAP Household Report for FY 2022*. They are current as of June 30, 2023.

ⁱⁱ The total number of states providing a specific type of assistance benefits to households may differ from the total number of states that obligated funding to that specific type of assistance (see ARP Act Table I-6) because states may have obligated their LIHEAP Supplemental ARP Act funds in FY 2022 but not expended those funds to serve households until after FY 2022.

**Supplemental Table ARP Act-III-2b. Number of Households Assisted with LIHEAP
Supplemental ARP Act Funds, by Type of Assistance and State, as Reported by States, FY 2022ⁱ**

Wyoming	5,914	0	4,943	0	0	0	7,113

ⁱ The data in this table are current as of June 30, 2023.

ⁱⁱ The following states provided emergency heating/cooling repairs or replacements to households as part of their energy crisis benefits using LIHEAP Supplemental ARP Act funds. These households are excluded from the crisis assistance counts from Table III-2: California (1,018), District of Columbia (26), Illinois (838), Iowa (869), Maine (10), Maryland (850), Mississippi (498), Missouri (Emergency Furnace Repair and Replacement – 1; Air Conditioner Repair and Replacement – 4), Montana (785), Nevada (60), New Jersey (5,648), Oregon (218), Pennsylvania (6,868), Rhode Island (Emergency Furnace Repair and Replacement – 17; Tank Replacement – 144), Texas (141), Vermont (Emergency Furnace Repair and Replacement – 321; Tank Replacement – 178), Virginia (2,762), Washington (324).

ⁱⁱⁱ Connecticut provided additional crisis assistance to 7,299 households that received Safety Net Assistance.

^{iv} Florida provided additional crisis assistance to 422 households that received other crisis assistance, including weather-related assistance.

^v Louisiana provided additional crisis assistance to 39,833 households that received COVID-19 Supplemental benefits.

^{vi} Minnesota provided additional crisis assistance to 25,374 households that received arrears forgiveness.

^{vii} Nevada provides combined heating and cooling assistance. These households are all reported under heating assistance.

^{viii} Nevada provided additional crisis assistance to 7 households that received Crisis Intervention program assistance.

^{ix} A designation of "--" for New Jersey is because the state was unable to provide an accurate estimate for winter-crisis assistance.

^x Washington provided additional crisis assistance to 11,264 households that received "Other Emergency Services," including blankets, space heaters, and minor repairs/replacement to heating units.

Supplemental Table ARP Act-III-5b. Estimated Household Average Benefits for Fuel Assistance with Supplemental LIHEAP ARP Act Funds, by Type of Assistance and State, FY 2022ⁱ

ⁱ Household average benefits were gathered from state estimates reported on the *LIHEAP Performance Data Form for FY 2022 - Grantee Survey*, as described in Appendix A of this report. The data in this table are current as of June 30, 2023. State-reported household average benefit amounts from LIHEAP Supplemental ARP Act funds may reflect actual benefits during FY 2022 and anticipated average benefits as states prepared to expend these funds during subsequent fiscal years. States were not asked to estimate household average benefits for weatherization assistance because estimates would not be comparable to estimated household average benefits for other types of LIHEAP assistance due to the relatively larger role of labor and other support costs involved in weatherization and wide variations in how states define low-cost weatherization. In addition, average benefits are not comparable to calculations of the amount of obligated funds per household due to states obligating funds in 1 federal fiscal year but expending them in the next federal fiscal year.

ⁱⁱ Average benefits do not include funds used to provide nominal benefits to SNAP households or households assisted with these benefits as grant recipients were required to break out these obligations and households for FY 2022.

ⁱⁱⁱ A designation of "--" is reported under cooling assistance for states where combined heating and cooling assistance was provided (Nevada) or where energy assistance was provided with no differentiation made between heating and cooling assistance (Hawaii). These states reported such funds under heating assistance.

^{iv} A designation of "--" indicates for winter crisis assistance that these states did not provide a separate count because they provided households in winter crisis assistance with expedited heating assistance (Massachusetts, New Hampshire, and Washington).

^v Connecticut's values exclude an average of \$769.51 for households that received Safety Net Benefits as part of Connecticut's other crisis assistance.

^{vi} The following states provided emergency heating/cooling repairs or replacements to households as part of their energy crisis benefits. The average household benefits are as follows: District of Columbia (\$17,233), Illinois (\$3,577), Maine (\$206), North Dakota (\$1,692; includes non-emergency basis cooling replacements), Oregon ([heating equipment – \$4,003] and [cooling equipment – \$1,427]), Pennsylvania (\$4,102), Rhode Island ([furnace repair and replacement – \$7,614], [Oil Tank Replacement – \$3,594]), Vermont ([tank replacement – \$1,849.16], [furnace repair and replacement – \$2,868,69]), West Virginia (\$562), and Wyoming ([furnace repair/replacement – \$2,282], [operational furnace replacement to prevent heat loss emergency – \$4,968], [air conditioner repair and replacement – \$2,265]).

^{vii} Minnesota's values exclude an average benefit for households that received arrears forgiveness as part of Minnesota's other crisis assistance.

^{viii} Montana's values exclude an average of \$2,250 for households that received an unspecified other crisis assistance.

^{ix} Nevada's values exclude an average benefit of \$1,713.54 for its Crisis Intervention program assistance as part of Nevada's other crisis assistance.

^x Pennsylvania's values exclude an average benefit of \$830 for households that received service through the state's Clean and Tune program and \$2,109 for households that received service through the state's Cooling program, part of Pennsylvania's other crisis assistance.

^{xi} Vermont's values exclude an average benefit of \$401.81 for Special Energy Assistance Benefits for households to help offset additional energy costs associated with heating.

^{xii} Washington's values exclude average benefits of \$508 for Other Emergency Services (OES) including Emergency Furnace Repair and Replacement, Temporary Shelter Assistance program and for other emergency services.

Supplemental Table ARP Act-III-7. Percent of Assisted Households, Classified by 2021 HHS Poverty Guideline Intervals, by Type of LIHEAP ARP Act Assistance, Nationally, FY 2022ⁱ

2021 HHS Poverty Guideline Intervalsⁱⁱ	Heating Assistance	Cooling Assistance	Winter Crisis Assistance	Year-Round Crisis Assistance	Summer Crisis Assistance	Weatherization Assistance
Under 75%	46.3%	46.3%	43.4%	51.3%	56.9%	30.6%
75%-100%	22.0	26.8	19.7	20.0	18.4	17.8
101%-125%	14.3	14.1	15.3	12.7	12.0	15.2
126%-150%	9.1	7.3	11.5	7.5	7.4	12.5
Over 150%	8.3	5.6	10.2	8.5	5.2	23.8

ⁱ These data are derived from the *LIHEAP Household Report for FY 2022*. These data are current as of June 30, 2023. Percent distributions may not add up to 100 percent across income levels due to rounding. Uniform data on households by poverty level receiving assistance from LIHEAP Supplemental ARP Act funds was 100 percent for winter, year-round, and summer crisis assistance, 99.0 percent for heating assistance, 95.9 percent for cooling assistance, and 92.6 percent for weatherization assistance.

ⁱⁱ Poverty percentages are computed using gross household incomes adjusted by household size. However, there are states that use net household income in determining income eligibility. For those states, the distribution of poverty percentages could be skewed towards the higher end of the poverty level.

Wyoming	5,914	29.0	20.8	17.9	14.4	17.9

ⁱ These data are current as of June 30, 2023. A designation of "--" indicates that the data are not applicable for states that did not provide separate heating assistance using LIHEAP Supplemental ARP Act funds.

ⁱⁱ Percentage distributions may not add up to 100 percent across income levels due to rounding.

ⁱⁱⁱ Households in winter fuel crisis situations (Alaska, Colorado, Kansas, Massachusetts, and New Hampshire) or year-round fuel crisis situations (Maryland and Washington) received expedited heating assistance.

^{iv} The following states provided nominal benefits for SNAP households and reported the number of households assisted. These households are not included in the household counts reported in the table: Michigan, 80,429 – \$20.01 benefits; Montana, 1,047 – \$25 benefits.

^v Missouri's counts by Poverty Interval for Heating Assistance are suppressed because Missouri was unable to provide accurate information.

^{vi} Counts and the percentage distributions include households that received combined heating and cooling assistance in Nevada and households that received energy assistance in Hawaii, where no differentiation is made between heating and cooling assistance. These states reported these households under heating assistance.

Wisconsin	0	--	--	--	--	--
Wyoming	4,943	31.0	19.7	16.7	13.6	19.0

ⁱ The data in this table are current as of June 30, 2023. A designation of "--" indicates that the data are not applicable for states that did not provide separate winter crisis assistance using LIHEAP Supplemental ARP Act funds.

ⁱⁱ Percentage distributions may not add up to 100 percent across income levels due to rounding.

ⁱⁱⁱ The following states provided emergency heating/cooling repairs or replacements to households as part of their energy crisis benefits using LIHEAP Supplemental ARP Act funds. These households are not included in the household counts reported in the table: California (1,018), District of Columbia (26), Illinois (838), Iowa (869), Maine (10), Maryland (850), Mississippi (498), Missouri ([Emergency Furnace Repair and Replacement – 1] and [Air Conditioner Repair and Replacement – 4]), Montana (785), Nevada (60), New Jersey (5,648), Oregon (218), Pennsylvania (6,868), Rhode Island ([Emergency Furnace Repair and Replacement – 17] and [Oil Tank Replacement – 144]), Texas (141), Vermont ([Emergency Furnace Repair and Replacement – 321] and [Oil Tank Replacement – 178]), Virginia (2,762), Washington (324).

^{iv} 7,299 of the households assisted by Connecticut's winter crisis assistance program also received Safety Net Assistance.

^v Florida provided additional crisis assistance to 422 households that received other crisis assistance, including weather related assistance.

^{vi} Households in winter fuel crisis situations received expedited heating assistance in Kansas.

^{vii} New Jersey's counts were suppressed because they were unable to provide accurate information.

ⁱ The data in this table are current as of June 30, 2023. A designation of "--" indicates that the data are not applicable for states that did not provide separate year-round crisis assistance using LIHEAP Supplemental ARP Act funds.

ⁱⁱ Percentage distributions may not add up to 100 percent across income levels due to rounding.

ⁱⁱⁱ The following states provided emergency heating/cooling repairs or replacements to households as part of their energy crisis benefits using LIHEAP Supplemental ARP Act funds. These households are not included in the household counts reported in the table: California (1,018), District of Columbia (26), Illinois (838), Iowa (869), Maine (10), Maryland (850), Mississippi (498), Missouri ([Emergency Furnace Repair and Replacement – 1] and [Air Conditioner Repair and Replacement – 4]), Montana (785), Nevada (60), New Jersey (5,648), Oregon (218), Pennsylvania (6,868), Rhode Island ([Emergency Furnace Repair and Replacement – 17] and [Oil Tank Replacement – 144]), Texas (141), Vermont ([Emergency Furnace Repair and Replacement – 321] and [Oil Tank Replacement – 178]), Virginia (2,762), Washington (324).

^{iv} Louisiana provided additional crisis assistance to 39,833 households that received ARP Supplemental assistance benefits.

^v Minnesota provided additional crisis assistance to 25,374 households that received arrears forgiveness.

^{vi} Nevada provided additional crisis assistance to 7 households through the state's Crisis Intervention program.

^{vii} Washington provided additional crisis assistance to 11,264 households that received "Other Emergency Services," including blankets, space heaters, air conditioners, and minor repairs/replacement to heating units.

ⁱ The data in this table are current as of June 30, 2023. A designation of "--" indicates that the data are not applicable for states that did not provide weatherization assistance using LIHEAP Supplemental ARP Act funds.

ⁱⁱ Percentage distributions may not add up to 100 percent across income levels due to rounding.

ⁱⁱⁱ Indiana's counts by Poverty Interval for Weatherization Assistance are suppressed because Indiana was unable to provide accurate information.

Table ARP Act-III-8. Percent of LIHEAP ARP Act Assisted Households with at Least One Member Who is an Older Adult, a Member with a Disability, or a Young Child by Type of Assistance, Nationally, FY 2022ⁱ

Type of Vulnerable Household	Heating Assistance	Cooling Assistance	Winter Crisis Assistance	Year-Round Crisis Assistance	Summer Crisis Assistance	Weatherization Assistance	Any Type of Assistance
Older adult	39.1%	49.0%	29.8%	23.7%	24.9%	54.2%	40.3%
Member with a disability	36.8	51.8	32.3	35.6	36.2	42.7	37.3
Young child	17.5	16.2	21.0	36.4	22.3	12.5	17.5
Older adult, member with a disability, or young child	64.1	83.2	62.1	56.3	61.6	71.5	64.2

ⁱ These data are derived from the *LIHEAP Household Report for FY 2022*. They are current as of June 30, 2023. (1) Definitions of “older adult,” “member with a disability,” and “young child” are as follows: “older adult” refers to a member who is 60 years old or older, “disability” varies from state-to-state, and “young child” refers to a member who is 5 years old or younger. A household could have members that were reported in more than 1 of the 3 groups of vulnerable households. (2) National percentages are calculated for those states that reported complete data, by type of LIHEAP assistance. Uniform data on households receiving assistance from LIHEAP Supplemental ARP Act funds and classified as vulnerable was 100 percent for all assistance types with the following exceptions: uniform data was 91.4 percent for summer crisis assistance households with an older adult and 96.9, uniform data was 96.9 percent for weatherization assistance households with an older adult, 97.4 percent for heating assistance with any vulnerability, 96.1 percent for winter crisis assistance with any vulnerability, 83.7 percent for year-round crisis assistance with any vulnerability, and 96.9 percent for weatherization assistance with any vulnerability. For any type of LIHEAP assistance with ARP Act funds, uniform data was 100 percent for each vulnerability and 98.6 percent for any vulnerability.

Supplemental Table ARP Act-III-8a. Percent of Households Receiving LIHEAP ARP Act Heating Assistance with at Least One Member Who is an Older Adult, Member with a Disability, or a Young Child, by State, FY 2022ⁱ

Wisconsin	58,610	55.7	45.1	10.3	82.2
Wyoming	5,914	51.4	44.4	13.4	80.6

ⁱ (1) The data in this table are current as of June 30, 2023. (2) Older adult is defined as a household member 60 years or older and young child as a household member 5 years old or under. Definitions of “disability” vary among the states. (3) A designation of “--” indicates that these data are not applicable for states that did not provide separate heating assistance.

ⁱⁱ Households in winter fuel crisis situations (Alaska, Colorado, Kansas, and Massachusetts) or year-round fuel crisis situations (Maryland and Washington) received expedited heating assistance.

ⁱⁱⁱ Connecticut could not de-duplicate their data to provide an accurate count of households with any type of vulnerability for 47,283 households receiving heating assistance. This data is suppressed.

^{iv} Counts and the percentage distributions include households that received combined heating and cooling assistance in Nevada and households that received energy assistance in Hawaii, where no differentiation is made between heating and cooling assistance. These states reported these households under heating assistance.

^v The following states provided nominal benefits for SNAP households and reported the number of households assisted. These households are not included in the household counts reported in the table: Michigan, 80,429 – \$20.01 benefits; Montana, 1,047 – \$25 benefits.

^{vi} Missouri could not de-duplicate their data to provide an accurate count of households with any type of vulnerability for 30,112 households receiving heating assistance. This data is suppressed.

Wisconsin	0	--	--	--	--
Wyoming	0	--	--	--	--

ⁱ (1) The data in this table are current as of June 30, 2023. (2) Older adult is defined as a household member 60 years or older and young child as a household member 5 years old or under. Definitions of “disability” vary among the states. (3) A designation of “--” indicates that these data are not applicable for states that did not provide separate cooling assistance.

ⁱⁱ Counts and percent distributions exclude households that received combined heating and cooling assistance in Nevada; and households that received energy assistance in Hawaii; with no differentiation made between heating and cooling assistance. These states reported these households under heating assistance.

ⁱⁱⁱ For New Jersey, data for households by vulnerability was unreliable for 15,077 households receiving cooling assistance and is suppressed.

ⁱ (1) The data in this table are current as of June 30, 2023. (2) Older adult is defined as a household member 60 years or older and young child as a household member 5 years old or under. Definitions of “disability” vary among the states. (3) A designation of “--” indicates that these data are not applicable for states that did not provide separate winter crisis assistance.

ⁱⁱ The following states provided emergency heating/cooling repairs or replacements to households as part of their energy crisis benefits using LIHEAP Supplemental ARP Act funds. These households are not included in the household counts reported in the table: California (1,018), District of Columbia (26), Illinois (838), Iowa (869), Maine (10), Maryland (850), Mississippi (498), Missouri ([Emergency Furnace Repair and Replacement – 1] and [Air Conditioner Repair and Replacement – 4]), Montana (785), Nevada (60), New Jersey (5,648), Oregon (218), Pennsylvania (6,868), Rhode Island ([Emergency Furnace Repair and Replacement – 17] and [Oil Tank Replacement - 144]), Texas (141), Vermont ([Emergency Furnace Repair and Replacement – 321] and [Oil Tank Replacement – 178]), Virginia (2,762), Washington (324).

ⁱⁱⁱ Connecticut could not de-duplicate their data to provide an accurate count of households with any type of vulnerability for 10,830 households receiving winter crisis assistance. This data is suppressed. Additionally, 7,299 of the households assisted by Connecticut’s winter crisis assistance program also received Safety Net Assistance.

^{iv} Florida provided additional crisis assistance to 422 households that received other crisis assistance, including weather related assistance.

^v Households in winter fuel crisis situations received expedited heating assistance in Kansas.

^{vi} New Jersey's counts were suppressed because they were unable to provide accurate information.

ⁱⁱ Connecticut could not de-duplicate their data to provide an accurate count of households with any type of vulnerability for 47,283 households receiving any type of assistance. This data is suppressed.

Supplemental Table ARP Act-IV-1. Percent of States Selecting Various Maximum LIHEAP ARP Act Income Eligibility Standards, FY 2022ⁱ

LIHEAP Income Eligibility Standards (by Percentage Intervals of 2021 HHS Poverty Guidelines)	Heating Assistance	Cooling Assistance	Winter Crisis Assistance ⁱⁱ	Year-Round Crisis Assistance ⁱⁱⁱ	Summer Crisis Assistance ^{iv}	Weatherization Assistance
Number of states ^v	41	13	14	16	3	22
Household income at or above 150% (percentage of states)	93%	100%	100%	94%	100%	100%
Household income between 111%–149% (percentage of states)	5%	0%	0%	6%	0%	0%
Household income at 110% (percentage of states)	2%	0%	0%	0%	0%	0%

ⁱ The data in this table are current as of June 30, 2023. These data are derived from *LIHEAP Performance Data Form - Grantee Survey Section for FY 2022* and based on reported income standards for assistance provided with LIHEAP ARP Act funds. Percentage distributions may not add up to 100 percent across income levels due to rounding.

ⁱⁱ Refers to winter crisis assistance only. The number of states and percentages includes 1 state (Kansas) that provided expedited heating assistance for winter crisis fuel situations through heating assistance funds only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacements.

ⁱⁱⁱ Refers to year-round crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacements.

^{iv} Refers to summer crisis assistance only. Percentage intervals exclude other types of crisis assistance such as air conditioner repair or replacement.

^v Excludes states that that did not obligate LIHEAP Supplemental ARP Act funds for the applicable assistance type.

Supplemental Table ARP Act-IV-1a. States' Maximum LIHEAP ARP Act Income Eligibility Standards for Four-Member Households as a Percentage of the 2021 HHS Poverty Guidelines, by Type of Assistance and by State, FY 2022ⁱ

ⁱ (1) Maximum annual income cutoffs for 4-member households were obtained from the *LIHEAP Performance Data Form for FY 2022 - Grantee Survey*. These data are current as of June 30, 2023. The income cutoffs were converted into percentages of the 2021 HHS Poverty Guidelines (HHSPG). The table does not reflect different income cutoffs in place for households with older adults, members with a disability, or young children; or other crisis assistance, as set by states. (2) The federal maximum LIHEAP income eligibility guidelines for FY 2022 were based on the greater of 150 percent of 2021 HHSPG or 60 percent of state median income (SMI) for use in FY 2022, based on household size. Optionally, states were permitted to adopt the 2022 HHSPG in place of the 2021 HHSPG to set their maximum income eligibility guidelines for FY 2022. In addition, states were permitted to use the federal maximum LIHEAP income eligibility guidelines or the federal maximum Weatherization Assistance Program (WAP) income eligibility guidelines (200 percent of HHSPG) to set their maximum income eligibility standards for weatherization assistance in FY 2022. States with maximum income eligibility standards listed that are greater than 150 percent of 2021 HHSPG are verified as being at or below the federal maximum LIHEAP income eligibility guidelines for FY 2022. (3) A designation of "--" indicates that these data are not applicable for states that did not provide that type of assistance using LIHEAP Supplemental ARP Act funds.

ⁱⁱ Refers to winter crisis assistance only. The number of states and percentages includes 1 state (Kansas) that provided expedited heating assistance for winter crisis fuel situations through heating assistance funds only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacements.

ⁱⁱⁱ Refers to year-round crisis assistance only. Percentage intervals exclude other types of crisis assistance that mostly involved furnace repair or replacement.

^{iv} Refers to summer crisis assistance only. Percentage intervals exclude other types of crisis assistance such as air conditioner repair or replacement.

^v Combined heating and cooling assistance was provided in Nevada; and energy assistance was provided in Hawaii, with no differentiation made between heating and cooling assistance. These states reported funds obligated and households served under heating assistance. A cooling assistance eligibility standard of "--" is thus applied to each state.
