¹ Under TANF rules, an eligible family that does not include a recipient who is an adult head-of-household, a spouse of the head-of-household, or a minor child head-of-household who has received federally-funded assistance for 60 countable months may continue to receive assistance. A countable month is a month of assistance for which the head-of-household or the spouse of the head-of-household is not exempt from the federal time-limit provisions. TANF rules provide for a hardship exemption that allows up to 20% of the families to receive assistance beyond the 60-month time limit.

² Family is exempt (from accrual and termination) because no head-of-household or spouse of the head-of-household in the eligible family is receiving assistance.

³ Family includes a head-of-household or a spouse of the head-of-household, but has accrued less than 60 months of assistance; is funded entirely from state-only funds; is living in Indian country or an Alaskan native village, where at least 50 percent of the adults living in Indian country or Alaskan native village are not employed.

⁴ Family includes a head-of-household or a spouse of the head-of-household, who has received federally-funded assistance for 60 countable months due to assistance funded entirely from state-only funds; hardship exemption, battery, or extreme cruelty; federally recognized good cause domestic violence waiver of time limits; living in Indian country or an Alaskan native village, where at least 50 percent of whose adults are not employed.
