## Reader's Guide to Federal Temporary Assistance for Needy Families (TANF) and State Maintenance-of-Effort (MOE) Financial Data

These tables display federal TANF and state MOE expenditure data. As a condition of receiving federal TANF funds, states are required to spend a certain amount of their own funds (MOE) on TANF-allowable categories. Expenditures are grouped into 20 main categories, as defined below. *Transitional Services for Employed* and *Job Access* expenditures, which can be found in the tab *F. Appendix*, are also defined below. For more information about the expenditure categories and the new financial reporting form ACF-196-R, see the *Instructions for completion of State Financial Report Forms: ACF-196R and ACF-196* [https://www.acf.hhs.gov/sites/default/files/ofa/acf\\_196r\\_instructions\\_final.pdf](https://www.acf.hhs.gov/sites/default/files/ofa/acf_196r_instructions_final.pdf).

**Transferred to Social Services Block Grant (SSBG)**

All funds transferred to the SSBG program are subject to the statute and regulations of the SSBG program in place for the fiscal year at the time when the transfer occurs and shall be used only for programs and services to children or their families whose income is less than 200 percent of the income official poverty line (as defined by the Office of Management and Budget). A state can transfer up to 10 percent of its TANF funds to the Social Services Block Grant.

**Transitional Services for Employed**

Section 411(a)(5) of the Social Security Act requires states to report expenditures on transitional services for families who have ceased to receive assistance because of employment. This can exclude expenditures from a variety of individual categories, e.g., child care or supportive services; to avoid double-counting, these expenditures are reported as a separate line item apart from the other expenditure categories.

**Job Access**

Expenditures of federal TANF block grant funds to meet the matching requirements for the Department of Transportation Job Access program. These expenditures are also included in "Work Supports." To avoid double-counting, the Job Access expenditures are reported as a separate line item apart from the other expenditures categories. The amount of TANF funds expended on Job Access programs that may be used as non-federal matching under the Job Access program is limited to the difference between 30 percent of TANF block grant funds and the total amount transferred to SSBG and the Discretionary Fund of CCDF.

**Transitional Services for Employed:** Section 411(a)(5) of the Social Security Act requires states to report expenditures on transitional services for families who have ceased to receive assistance because of employment. This can exclude expenditures from a variety of individual categories, e.g., child care or supportive services; to avoid double-counting, these expenditures are reported as a separate line item apart from the other expenditure categories.

**Job Access:** Expenditures of federal TANF block grant funds to meet the matching requirements for the Department of Transportation Job Access program. These expenditures are also included in "Work Supports." To avoid double-counting, the Job Access expenditures are reported as a separate line item apart from the other expenditures categories. The amount of TANF funds expended on Job Access programs that may be used as non-federal matching under the Job Access program is limited to the difference between 30 percent of TANF block grant funds and the total amount transferred to SSBG and the Discretionary Fund of CCDF.
